

Mid-semester MCQ tests and final exam: information and instructions

Every student will get:

- the answer card with his/her name and personal ID number
- test booklet

1. The answer card must be signed in the field entitled: “signature”. Name of the student must also be entered on the first page of the test booklet (see below).

2. The ID number of the student is valid for mini-tests, mid-semester test and for final exam. Please memorize your ID number, because only numbers will be shown in result lists.

3. There are two versions of test booklets. Immediately after receiving the booklet, version number must be entered in the answer card in appropriate field (see cover of the booklet for instruction).

4. Each question is accompanied by 4 answers. Only one answer is **fully correct**.

5. The answers should be marked on the answer card by filling in the appropriate square (A, B, C, D) with black ink (pencils are NOT allowed!). Please do not exceed the square area (see cover of the booklet for instruction). The answer cards are read and evaluated automatically (by a computer-assisted system).

6. It is recommended first to mark the answer in test booklet (you can correct it, when on second thought the other answer seems better), and then to mark your final answer on the card. Only answers on the card (and NOT those in the booklet) are taken under consideration.

7. After completing the test, both answer card and test booklet must be returned. Failure of doing so will result in disqualification of the student.

8. Having a mobile phone or any other electronic device used for storing information and/or communication during the examination is not permitted.

9. Time of the test: one minute per question.
